

1. Open **Remote Desktop Connection**, if you don't have the app use the link above to download and install it.
2. Click on **RDC** in the menu, then select **Preferences...**
3. Select **Drives**
4. Use the drop down menu and select **All disk drives**

Selecting All disk drives will allow files to be copied between the remote session and the local system

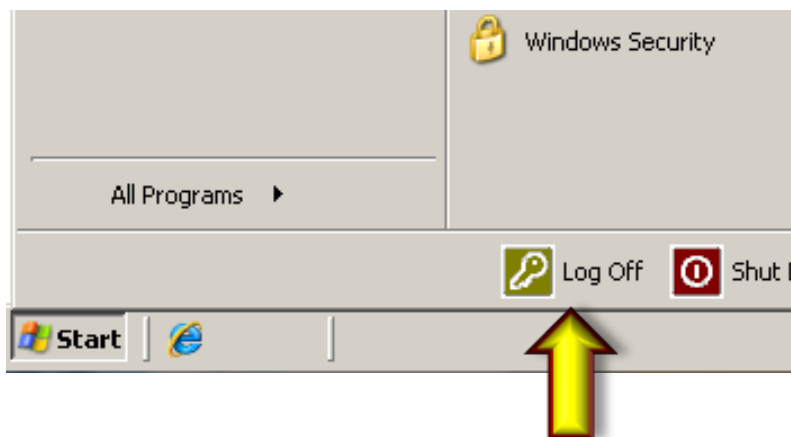

If you get the popup above, click **Connect** to continue with the session.

Proceed to login using your UM Law email credentials
Make sure the *Log on to:* option shows **UMLAWSCHOOL_AD**

Please click on **Start**, then **Log Off** to properly finish the remote session this will also avoid future connection issues
