Documentary Screening:
*Militia Man*

Thursday, February 27
5:30-8:30pm - Student Lounge

The International Criminal Court spent millions on his trial but arguably shed little light on the war crimes of Congolese militia man Germain Katanga, or properly compensated his victims.

At this screening, we will show the film *Militia Man*, followed by a discussion with the director, Lisa Clifford. She is a British journalist and filmmaker who has reported on the International Criminal Court for a decade. Pizza will be served.
